

WINSTON JOHNSTON

- As your Councilor I will ensure Council provides throughout the Division, a higher standard of maintenance to all roads, streets, parks, road verge mowing, lookouts, public amenities and I will protect our unique local environment, heritage and lifestyle.

- In Montville and Flaxton, I will work with your Chamber and interested residents to find solutions by providing adequate car parking for shoppers and tourists, pedestrian crossing improvements, unique township and district signage, establishing viewing platforms, develop a solution to expensive waste pump out costs and assist in the upgrading of sporting and community facilities.
- I will ensure the Hinterland receives a fair share of funding by Visit Sunshine Coast.
- I will support the Blackall Range Tourist Drive Project, assist in developing the Montville Artisan Village branding and support the establishment of a regional gallery in Russell Park.
- I will encourage Council to employ a CEO whom will change the current toxic culture of Council.
